

TANZANIA ROADS ASSOCIATION (TARA)
A PIARC NATIONAL COMMITTEE FOR TANZANIA

WEEKLY BULLETIN

Number 05/2023

Tuesday 24th April 2023

Message from TARA Chairman

On behalf of the Executive Committee of the Tanzania Roads Association (TARA), it is my pleasure to welcome all stakeholders in the roads sector to TARA Weekly Bulletin. This is one of the tools established to facilitate sharing information, experiences, technology and best practices to our members and other stakeholders within the road transport sector. I take this opportunity to sincerely thank you all our members and stakeholders who have been participating and supporting TARA and I warmly welcome you to continue reading our weekly bulletin.

Mr. Joseph Odo Haule, TARA Chairman

PROFESSIONAL TRAINING COURSE

Introduction to Road Safety Audits

📅 30 May - 01 June 2023 📍 Qatar University

REGISTER NOW!

Organised by

جامعة قطر
QATAR UNIVERSITY

International Road Federation
Fédération Routière Internationale
Federación Internacional de Carreteras

With support from

Overview

The [International Road Federation](#) together with the [Qatar Transportation and Traffic Safety Centre \(University of Qatar\)](#) and the support of [Khatib&Alami](#) is organising a professional training course on “Introduction to Road Safety Audits”. The course will be held on 30 May – 01 June 2023, in person, at Qatar University.

This training course aims to introduce the procedures and requirements for developing Road Safety Audits, and the importance of conducting these audits and implementing their recommendations in improving the status of traffic safety. It will also cover **methodologies** and **cutting-edge technologies** that have been field tested to reduce traffic injury risk through auditing & inspections. Attendees will receive the necessary theoretical background and applied practices, with specific application to the roads and highways of Qatar roads, to ensure their risk identification programs are effective and impactful.

Hence, this course will look at Road Safety Audits and Inspections comprehensively as an introduction to these useful tools.

Learning Outcomes

- Learn how to focus on road deficiencies that lead to severe and fatal injuries.
- Identify the risks of a road network.
- Understand the benefits, resources, and liability issues associated with the Road Safety Audits / Road Safety Inspections.
- Understand the scope of a Road Safety Audit, and correctly utilise national and international reference manuals.
- Define the roles and skills of each member of a road safety audit team.
- Explore different data sources available to support recommendations for remedial measures.

For more information, please refer to the attached agenda or contact QTTSC through: Dr. Wael Alhajyaseen at wjaseen@qu.edu.qa

Road Safety GB has announced that the 2023 National Road Safety Conference will be held at the De Vere Cotswold Water Park Hotel on 15-16 November 2023.

As well as being Road Safety GB's flagship event, [National Conference](#) is one of the highlights of the road safety calendar. The 2022 edition in Harrogate was the first time the conference has been held since 2019, and once again more than 300 road safety professionals attended across the two days.

In the 2022 post-event survey, 96% of delegates rated the conference content as good or excellent, 94% gave the same rating to the overall event, and 98% rated the organisation as good or excellent.

Many delegates commented on how good it was to be meeting again in-person, and said how much they enjoyed and valued the networking opportunities a live event provides compared with the online equivalent.

The 2023 National Conference will be hosted by Road Safety GB South West regional group. The organising committee will meet in early January, delegate registration will open in late January/early February, alongside a call for papers once themes etc have been agreed.

James Gibson, executive director of Road Safety GB, said: "We are very pleased to announce that National Conference will be heading to The Cotswolds in 2023.

"Feedback from our recent visit to Harrogate has been excellent – and we look forward to embedding that into the planning for the 2023 event."

Set among the villages and gently rolling hills of The Cotswolds, the De Vere Cotswold Water Park Hotel is as spectacular as its surroundings.

In the heart of the 152 lakes that spread across the unique Cotswolds Water Park, the venue is described as a place where modern design effortlessly combines with its natural surroundings.

The venue is just 20 minutes from J15 of the M4 and J11A of the M5, with Bristol airport just over an hour away.

The nearest train station is at Kemble which is located on the mainline service between London Paddington and Cheltenham. A shuttle service will operate to and from Kemble station and the hotel at busy times.

For more information about the conference, or to register to be alerted when the booking process goes live, contact [Nick Rawlings](#) or [Sally Bartrum](#) by email. Everyone who attended the 2022 conference will automatically be notified.
